Welcome to SIX8! We are so glad you be joining us as we kickoff this year of programming on January 11th from 6:15-7:30!

Spring Semester Schedule:

Our goal is to **"inspire students to develop a lifelong relationship with Jesus."** We truly love your students and want to do everything we can to come alongside you, as parents, to help disciple your children. We value relationships before programs and do not see your kid as just another number. With that being said, we want all the invitations to games and concerts so that we can engage in the world of your middle schoolers!

Okay, but what is my kid going to do every Wednesday night?

On Wednesday nights, we bring the party! We hope you are ready for your kid to engage in some fun games in a safe environment while also digging into the truth of God's Word in both our large group and small group experiences. Your child will have a small group leader whose main goal is to connect with your kid and teach them about Jesus.

SIGN UP

ALL 6th-8th graders must sign up for SIX8. This provides us with your most recent information and also allows us to place students in their small groups.

PARENTLINK

ParentLink is a small group of caring adults who provide guidance to the Student Ministries staff and help facilitate parent involvement. If you have specific questions throughout the year that another plugged-in parent might be able to best answer, please contact them using the information in the left-hand column.

A message from Isaac

Hi parents! I am so excited to spend another year with your students. Our student ministries team works hard to prepare for our Wednesday night experiences, and we are looking forward to our kickoff. Wednesday nights are high traffic nights at CPC and that is the intention! However, our team recognizes that one event during the week is not the only catalyst for change in the life of a middle schooler.

One of the main ways humans encounter God is in the context of our relationships with other people, and Wednesday night experiences provide opportunities for students to foster friendship with one another and leaders. But with the new school year kicking off, our team wants to make it a priority to be with your students outside of Wednesday night programming, as well. This may look like attending a game, concert, or even taking your student out for ice cream. We want to meet your kids where they are most comfortable!

While the church building is often what comes to mind when many people think about God, **God is present everywhere in everything all at once.** We don't carry God in a container, He is with us at all times. My prayer is that your students would begin to have a heightened awareness of God's presence throughout the year as they learn and grow with us at SIX8!

Grace and Peace,

Isaac
